

Let's Talk Science, in partnership with
Boeing is pleased to offer the following professional workshops for
Kindergarten to Grade 3 and Early Childhood Educators:
**Making Numeracy Meaningful Through Inquiry
and Technological Problem Solving**

**REGISTER NOW FOR THIS FULL DAY
PROFESSIONAL LEARNING OPPORTUNITY!**

- Participate in hands-on/minds-on inquiry and design and build problem solving challenges that integrate numeracy in a meaningful way;
- Learn how science, technology, engineering and mathematics (STEM) support development of students' communication, creative, critical thinking and collaboration skills;
- Meet and collaborate with colleagues and engage in professional dialogue that supports program planning in early STEM education

FACILITATED BY:

Marietta (Mars) Bloch, Associate Vice President Professional Learning,
